

Focus on Wellness: A Positive Approach to Care

Dementia is not treatable, it's not fixable, it's not normal aging. Dementia can be scary. Because it is a progressive disease, we want to be fully prepared and ready for what comes our way. Here at Providence Place, I am honored and proud that we offer diverse Memory Care services. Connections Club and Connections Neighborhood are uniquely paired programs that support individuals experiencing memory loss. Our residents at Providence Place possess great value and deserve dignified and professional quality care, love and safety. To be successful at that, awareness is the first key step! Positive Approach® to Care, a certified and highly reputable dementia program, is getting introduced to our organization coming late 2020. Positive Approach® to Care offers these core basic beliefs:

- **It's all about the relationship that is most critical, it's not the outcome of one encounter**
- **We (family, friends, caregivers, neighbors) are the keys to make life worth living**
- **People living with dementia are doing the best they can and know how as their brain changes**
- **We must be the ones willing to change and evolve as their brain changes. It is not the responsibility of the person going through the uncontrollable brain changes to make our lives easier or better.**

Positive Approach® to Care is an integral learning opportunity that will empower us to become aware and envision how we can respond to those in need. At each community, designated team members will receive quality and diverse training that consists of multiple hours of learning dementia-related curriculum through multiple intelligences. I am excited and honored to be a part of this movement for our organization in strengthening our mission as we serve each other and our residents & families.

To learn more about this training, please visit:
<https://teepasnow.com> – or contact me anytime to discuss.

*Above guidelines are subject to Pennsylvania state mandates & procedures. Above guidelines are subject to change.

Please refer to your communications or our lobby announcement boards for daily updates on your community's phase status.

The health & safety of all of our residents & team members are our top priority.

Providence Place SENIOR LIVING News

Q3: August 2020

A Note from the Executive Director

Hello everyone,

Thank you for all of your patience and diligence over the past few months as we navigate this new normal. We have been grateful to see our dining room and activities reopen and we have had so much fun finding creative ways to interact with everyone.

Our team members will continue to work hard to keep everyone as safe and healthy as possible. That being said, we will be continuing COVID surveillance testing for both residents and staff.

If you would like to set up virtual or window visits during red or yellow phases, please let us know. When we are in green, we can also schedule outdoor visits with family and friends.

Kindest regards,

Anna Zuratt
Executive Director
