

Focus on Wellness

As each community reaches “fully-vaccinated” status (two weeks after the 2nd clinic), updated reopening procedures will take into effect. Please see our COVID-19 notice webpage for details: <https://www.providence-place.com/news/covid-19-notices/>

As we begin this transition, we want to truly focus on the social and mental well-being of all of our residents & team members. We will be maintaining activities, dining, outings and more for our vibrant communities. A few highlights include:

- Dining rooms & internal activities will remain open
- Salon & Therapy services will remain open
- Visitation options available in community and for external family visits
- Reduced surveillance testing
- Reduced quarantine requirements for new residents and resident outings

Providence Place SENIOR LIVING News

Q1: March 2021

A Note from the Executive Director

March is here and we are finally starting to see signs of Spring, which feels long overdue!

We are working to host our second vaccine clinic this month – which was unfortunately delayed slightly due to the state shortage. However, we are still expecting it on the 17th and we cannot wait to be able to reopen our doors.

I am so excited to say things are looking up. We will start opening our community with inviting visitors and enjoying some social events. We love reconnecting with our residents and families after a long year of social distancing. I can see the smiles of everyone underneath the masks.

We have resumed our monthly fireside chats and social gatherings internally. I would like this time to thank all of our residents and families for your words of kindness, compliments, and offerings of support throughout this past year. It has been greatly appreciated by all our coworkers.

Please know that we are here for any of your concerns or needs.

Let's make it a great March,

Francie Hoch, Executive Director
