

Focus on Wellness

We are reopening our communities as we are now considered “fully-vaccinated” at each campus. We are excited to get out and enjoy the spring weather and focus on community, socialization and our physical & mental well-being.

A few highlights of our reopening include:

- Dining rooms & internal activities will remain open
- Salon & Therapy services will remain open
- Visitation available for family & friends
- Reduced testing & quarantines based on vaccination status
- Ongoing vaccine clinics available for new and existing residents and team members

Pine Grove

All three rounds of vaccine clinics have been completed at our campus. Our pharmacy will be providing ongoing opportunities – please see your Director of Wellness for details!

A Note from the Executive Director

Pine Grove is excited to be COVID-free for the entire new year 2021 and we are also considered fully-vaccinated now. This allows for resident families to have more freedom in our community to visit their loved ones. Residents who are fully-vaccinated have been enjoying family outings without having to quarantine as well.

We are happy to welcome a new Director of Wellness, Megan Williams, to our Pine Grove family. Please feel free to call or come by to meet her. She has many years' experience and will be a great asset assisting with your loved one's healthcare and any medical needs.

As April showers bring May flowers, watch for new activities and exciting programming coming your way. Feel free to schedule outside visits with your loved one and enjoy the beautiful weather.

I saw this quote and I wanted to share:

“Make each day your Masterpiece”

Sincerely,

Julie Wallace, Executive Director
