

Focus on Wellness

We are reopening our communities as we are now considered “fully-vaccinated” at each campus. We are excited to get out and enjoy the spring weather and focus on community, socialization and our physical & mental well-being.

A few highlights of our reopening include:

- Dining rooms & internal activities will remain open
- Salon & Therapy services will remain open
- Visitation available for family & friends
- Reduced testing & quarantines based on vaccination status
- Ongoing vaccine clinics available for new and existing residents and team members

Providence Place SENIOR LIVING News

Q2: April 2021

A Note from the Executive Director

We have a lot of excitement going on in our Pottsville community. Our new dining room, pub and community room are now open and can be enjoyed by all. We have also expanded our Connections neighborhood to better serve the greater community.

The majority of our residents are now fully-vaccinated, which allows for more visitation and a sense of normalcy. The next vaccine clinic is on April 1st and many more residents and team members will receive their second dose. Please see our new reopening guidelines for visitation options and updated procedures starting in April.

This past year has certainly presented its challenges. Now we are seeing the light at the end of the tunnel and the future looks bright. Community Life programming is becoming more vibrant as we are able to hold larger group events and invite entertainers back. Please look at the calendar and highlights for all that is being offered and be sure to get involved.

I am excited to be spending some dedicated time in this community as the acting Executive Director, please call or come chat with me for any questions or concerns.

Best,

Rick Barley, COO & Acting Executive Director
