

# Focus on Wellness

We are reopening our communities as we are now considered “fully-vaccinated” at each campus. We are excited to get out and enjoy the spring weather and focus on community, socialization and our physical & mental well-being.

A few highlights of our reopening include:

- Dining rooms & internal activities will remain open
- Salon & Therapy services will remain open
- Visitation available for family & friends
- Reduced testing & quarantines based on vaccination status
- Ongoing vaccine clinics available for new and existing residents and team members

## A Note from the Executive Director

Spring is in full bloom and we are enjoying the outdoors more and more. We are sprucing up our outdoor spaces and we are looking forward to the start of our gardening projects. We have enjoyed quite a few visitors and we appreciate everyone working with us to manage our guidelines as we continue to focus on the safety of our residents, co-workers and all who visit our community.

We are feeling great about having so many of our residents and co-workers vaccinated knowing that this is a big part of keeping COVID out of our community.

It has been exciting to be able to have entertainers back in the building to broaden our Community Life calendar -- the residents are also thrilled to have outings to local shops, restaurants and museums back on the calendar. It feels like things are getting back to “normal”.

Please know that we are here for any of your concerns or needs. Reach out anytime!

*Best,*

*Francie Hoch, Executive Director*
